

6/6/14

Treasurer's Report for Financial year 2013-14

The annual summary is attached.

Membership income was stable compared to previous years and no significant costs during the year. Please note that figures relate to the membership for the last membership year (2013-14) not the current year (2014-15)

The bank balance stands at approx £5,200.

The Committee needs to decide what, if anything, should be done with the £296 profit from the celebration held on 14th December 2013 (the proceeds from the raffle on that day have already been donated to the Bellur project) and the £78 profit from T-shirt sales.

I will be changing the ORIYI bank account over the next few months (now that subscription payments for the year are largely finished)

It is hard to get good numbers for yoga days, but as the bank balance is healthy I see no problem in holding yoga workshops even if the number of attendees is small.

The reporting at the AGM relates to the activities of ORIYI up to the end of financial year immediately preceding the AGM. The AGM being held on 7th June 2014 therefore covers ORIYI activity in the period from 1 April 2013 to 31 March 2014.
